**You have filed a motion to set for trial** in Division "F"! Please find enclosed a Case Management Order which will ensure the Court that the matter is ready for trial.

**If you have conferred under Rule 10 Section 4**, and are in fact ready for trial you may call the court for a Pre-Trial Conference to choose a Trial date and/or to discuss settlement.

**If you have filed a motion to Set For Trial**, and are **not** ready for trial, please find enclosed the Case Management Order.

It is your responsibility to confer with all Counsel and agree upon cut-off dates within three (3) weeks of this date. The time periods on the form are merely suggestions that may be lengthened or shortened. They shall however remain in the sequence that they are in.

After all counsel have conferred, all counsel must sign one CMO (original signatures.) You are to file it in the clerk's office and return it to the Division. Note Local Rules on paper size. Because some signatures are illegible, please write bar number behind signature.

Please note that all subsequent extensions must be Court approved.

You will be given a date to appear to select a Trial date. You must be prepared to engage in good faith settlement discussions at that time. All deadlines should have passed by that time.

It is your responsibility to furnish a copy of this document to all counsel. If you need the Court's assistance, please contact the minute clerk.

New Orleans, Louisiana this \_\_\_\_\_ day of \_\_\_\_\_, 2000.
