FINDINGS

Based on the evidence presented, the Court makes the following Findings of Fact:

- The juvenile's delinquency history level is low. medium. high.
- a. The Court received and considered a predisposition report and incorporates the contents of that report by reference. (If the report is incorporated, a copy of the report must be attached to the order.)
 b. No predisposition report is available, and the Court finds that a report is not needed in order to enter an appropriate disposition in this case.
- Other Findings: (continue on attached page(s) if necessary)

NOTE: State any findings regarding the seriousness of the offense(s); the need to hold the juvenile accountable; the importance of protecting the public; the degree of the juvenile's culpability; the juvenile's rehabilitative and treatment needs; and available and appropriate resources.

CONCLUSIONS OF LAW

Based on the foregoing findings of fact, the Court concludes as a matter of law that:

(check only one block)

- 1. The Court is required to order a Level 1 disposition.
- 2. The Court is required to order a Level 2 disposition *(and also may order any Level 1 disposition)*.
- 3. The Court is required to order either a Level 1 disposition or a Level 2 disposition, or both.
- 4. Because of the juvenile's extraordinary needs, the Court is authorized to order a Level 2 disposition rather than a Level 3 disposition, which otherwise would be required in this case.
- 5. The disposition ordered below is authorized by law and is an appropriate plan to meet the needs of the juvenile and to achieve the objective of the State in exercising jurisdiction.
