

Subsequent Report Detailed Claim Information Codes

This is the first edition of the Nebraska Workers' Compensation Court's Subsequent Report Detailed Claim Information Codes publication. This issue contains the most up-to-date codes approved by the International Association of Industrial Accident Boards and Commissions. Please use this as a reference tool in coding injuries on the Subsequent Report paper form and for electronic reporting.

If you have any questions or need additional information, please do not hesitate to contact the court at 402-471-6468 or 800-599-5155.

Part of Body Codes

I. Head

10. Multiple Head Injury: Any combination of brain, scalp, skull with or without ears, eyes, nose, mouth, teeth, face, or neck. Includes Head - Not Otherwise Classified.
11. Skull: Cranial bones
12. Brain: Includes brain concussion; brain damage.
13. Ear(s): Includes inner and outer ear, eardrum, hearing and loss of hearing.
14. Eye(s): Includes optic nerves, vision and loss of vision.
15. Nose: Includes nasal passages, sinus and sense of smell.
16. Teeth: Does not include gums or false teeth
17. Mouth: Includes tongue, gums, lips, throat, and sense of taste. Includes jaw and chin. Does not include teeth.
18. Soft Tissue: Pertaining to cuts and bruises; includes cheek, eyebrow, forehead, and scalp.
19. Facial Bones: Pertaining to fractures of facial bones, not the skull.

II. Neck

20. Multiple Injury: Any combination of vertebrae, disc, spinal cord or soft tissue in neck. Also, Neck - Not Otherwise Classified.
21. Vertebrae: Spinal column bone in the neck, includes the first seven bones of the spinal column (cervical vertebrae).
22. Disc: Spinal column cartilage in the neck.
23. Spinal Cord: Nerve tissue in the neck.
24. Larynx: "Voice box", includes loss of voice, vocal chords.
25. Soft Tissue: Soft tissue in the neck area (internal) other than the larynx or trachea.
26. Trachea: Cartilage tube leading from the larynx to the bronchial tubes.

III. Upper Extremities

30. Multiple Upper Extremities: Any combination of arm, elbow, or fingers. Also, Arm - Not Otherwise Classified. Does not include a specific wrist & hand combination.
31. Upper Arm(s): Arm between elbow and shoulder. Does not include shoulder, clavicle (collarbone), scapula (shoulder blade) or rotator cuff.
32. Elbow(s): Joint of the upper arm and the forearm.
33. Lower Arm(s): Between the elbow and the wrist.
34. Wrist(s): Joint of the hand and the forearm.
35. Hand(s): Does not include the wrist or fingers. Includes metacarpal bones, top of hand and the palm. Use for any injury described as "between the fingers".

- 36. Finger(s): Includes fingernail(s)
- 37. Thumb(s): Includes thumbnail(s)
- 38. Shoulder(s): Junction of clavicle & scapula where arm meets trunk; includes rotator cuff, collarbone and shoulder blade.
- 39. Wrist(s) & Hand(s): Specific injury or Occupational Disease where both the Wrist(s) and Hand(s) are involved.

IV. Trunk

- 40. Multiple Trunk: Any combination of hip, abdomen, chest, back, and shoulder. Also, Trunk - Not Otherwise Classified. Includes "side".
- 41. Upper Back Area: Thoracic area, includes vertebrae and muscle pull or ligament strain.
- 42. Low Back Area: Lumbar and lumbo-sacral areas, includes muscle pull or ligament strain; use when description does not differentiate between upper and lower back, i.e., "back". Does not include lumbar or sacral vertebrae.
- 43. Disc: Spinal column cartilage in the back.
- 44. Chest: Includes ribs, sternum (breastbone), soft tissue and "chest pain"; does not include heart or lungs.
- 45. Sacrum and Coccyx: Posterior boundary of pelvis and base of vertebral column (tailbone).
- 46. Pelvis: Bone structure formed by innominate (nameless) bones and the ligament uniting them.
- 47. Spinal Cord: Nerve tissue in the back.
- 48. Internal Organs: Applies when the functioning of an entire body system has been affected without specific injury to any other part, as in the case of poisoning, corrosive action affecting internal organs, insect bites resulting in an allergic reaction, damage to nerve centers, stress, etc.
- 49. Heart: Use in cases of heart attack, congestive heart failure.
- 60. Lungs: Specific injury or condition affecting the lungs only.
- 61. Abdomen Including Groin: Specific injury to specific parts only; includes stomach, lower esophagus, groin, small or large intestines, liver, gall bladder, spleen, pancreas, kidneys, and appendix. Do not use if functioning of entire body system is affected (INTERNAL ORGANS).
- 62. Buttocks: External posterior of pelvis & hip area.
- 63. Lumbar and/or Sacral Vertebrae: Vertebrae of the Lumbar and/or Sacral areas; also includes vertebrae in trunk area that are Not Otherwise Classified.

V. Lower Extremities

- 50. Multiple Lower Extremities: Any combination of leg, hip, thigh, knee, ankle, foot and toe. Also, Leg - Not Otherwise Classified.
- 51. Hip(s): Upper part of thigh formed by femur and innominate (nameless) bones. The region on each side of pelvis; does not include buttocks or "side".
- 52. Upper Leg(s): Between knee and hip; part of thigh below hip.
- 53. Knee(s): Includes the patella (kneecap) and supporting ligaments.
- 54. Lower Leg(s): Above the ankle, below the knee.
- 55. Ankle(s): Joint between the leg and the foot.
- 56. Foot/Feet: Does not include the ankle or the toes. Includes the heel. Use for any injury described as "between the toes".
- 57. Toe(s): Includes toenail(s)
- 58. Great Toe(s): Large toe (s)

VI. Multiple Body Parts

- 64. Artificial Appliance: Damage to a device that is used to augment performance of a natural function, i.e. hearing aid, eyeglasses, dentures, artificial limbs, etc.

65. Insufficient Info to Properly Identify - Unclassified: Applies when Specific Part of Body is not identified or known.
66. No Physical Injury: Applies when Specific Part of Body is stated as "No Injury".
90. Multiple Body Parts: Applies when more than one major body part has been affected, such as an arm and a leg.
91. Body Systems & Multiple Body Systems: Applies when one or more body systems have been affected, i.e. circulatory and/or respiratory systems. Includes AIDS, paralysis, electrocution, electrical shock, forms of infectious or parasitic illnesses, such as scabies, ticks, chicken pox, shingles, etc. Also includes Fatality, NOC.

Payment Codes (a code that identifies the payment being made)

Code		Description	Definition
Specific	Compromised		
	500	Unspecified	Amounts that cannot be assigned to a specific Benefit Type
	501	Medical	Compromised settlement amount paid to the employer to conclude past, present, and/or future medical exposure.
010	510	Fatal	Benefits paid or payable for the death of the claimant resulting from a work-related accident or occupational injury or disease
020	520	Permanent Total	Benefits paid or payable for the loss of or the permanent loss of use of any body part or function which renders the claimant unable to engage in any employment or occupation
030	530	Permanent Partial Scheduled	Benefits paid or payable as established by a statutory list (schedule) of payments for certain injuries. The benefit amount is determined by the part of body that was injured subject to limitations set forth in the statute.
040	540	Permanent Partial Unscheduled	Benefits paid or payable for injuries to parts of the body not covered by a schedule. These benefits are payable for the claimant's actual wage loss or reduction in wage earning ability, subject to limitations set forth in the statute.
050	550	Temporary Total	Benefits paid or payable for the period during which the claimant is unable to perform any work for pay as a result of disability from which that individual can be expected to fully recover and which period precedes the date of maximum medical improvement.
070	570	Temporary Partial	Benefits paid or payable for the period during which the claimant, as a result of a disability from which he/she is expected to fully recover, is unable to perform work for his/her regular pay, but is receiving a reduced rate of pay and which period precedes the date of maximum medical improvement.
240	524	Employer Paid	Wages paid by the employer to the claimant during their absence from work.
410	541	Vocational Rehabilitation Maintenance	Weekly maintenance benefits pay which the claimant is participating in a vocation rehabilitation program.

Paid-To-Date Codes

Code	Term	Definition
300	Funeral Expenses	Sum of the funeral expenses
310	Penalties	Sum of the penalties
320	Interest	Sum of the interest
330	Employer's Legal Expenses	Sum of the employer's legal expenses
340	Claimant's Legal Expenses	Sum of the claimant's legal expenses
350	Total Payments to Physicians to Date	Sum of services paid to physicians
360	Hospital Cost	Sum of services paid to hospitals
370	Other Medical	Sum of medical services not otherwise reported
380	Vocational Rehabilitation Evaluation	Sum of vocational rehabilitation evaluation services
390	Vocational Rehabilitation Education	Sum of vocational rehabilitation education payments
400	Other Vocational Rehabilitation	Sum of vocational rehabilitation services not otherwise reported
420	Expert Witness Fees	Sum of fees paid to expert witnesses
430	Unallocated Prior Indemnity Benefits	Sum of prior Indemnity Benefits paid to date that can not be classified by a specific Payment Adjustment Code
440	Unallocated Prior Medical	Sum of prior Medical paid to date that can not be classified by a specific Paid To Date Code
600-624	Actual Reduced Earnings	The weekly wages of an employee on restricted duty
650-674	Deemed Reduced Earnings	The estimated weekly wages, an employee would have earned had they actually returned to work with physical restrictions
800	Special Fund Recovery	Sum of monies recovered from special funds
810	Deductibles Recovery	Sum of monies recovered through Insured reimbursement of deductible amounts
820	Subrogation Recovery	Sum of monies recovered through subrogation
830	Overpayment Recovery	Sum of monies recovered due to overpayment of indemnity medical or expenses
840	Unspecified Recovery	Sum of monies recovered through salvage, apportionment/contribution, and all others not otherwise defined
